THIS WEEK, STEP BY STEP

Mon Nov 9	**Book requests go out** Every broker with a fitting listing is asked for the offering memorandum, the trailing twelve months and the rent roll.
Mon–Wed	**Analysis as the books arrive** Real NOI against the stated cap, occupancy, who the tenants are and how long they are committed. Each deal is marked clean or suspect.
Ongoing	**Cutting the fat** Numbers that do not hold up, brokers who do not answer or do not move: out.
Wed Nov 11	**Call** We go over the deals that survived and the price at which each one hits 8.0% on real income.
After the call	**Offers** Written offers on the ones you choose.

WHAT WE NEED FROM YOU

Proof of funds, or a letter from the exchange accommodator stating the 1031 amount. Brokers ask for it before they release the books.

Figures as stated by the listing brokers until the books are in.
